PhD opportunity at the University of Dundee, Scotland

An interdisciplinary project between Psychology (Dr. Carolina Kuepper-Tetzel) and Geography (Dr. Alison Reeves) on *Implementing and Evaluating Interventions to Improve Environmental Awareness and Responsibility in Children and Adolescents*.

Candidate needs to have completed or being in the process of completing a Master's degree with excellent academic records. Candidate needs to apply for a PhD studentship that fully funds all expenses for 4 years by 1 Dec 2017 (more details on request). If you are interested in doing your PhD on an interdisciplinary project in beautiful Scotland, please contact Dr Kuepper-Tetzel (c.kueppertetzel@dundee.ac.uk) for further details.
